

Dear Friends of Bryanston Library

July 2014

It is my pleasure and privilege to launch our very own website; www.foblryanston.co.za we are hoping that this new venture will encourage you to tell your friends and recommend that they join FOBL. All the information that new members need to know is on the website or you can email me, Juliet Manning, info@foblryanston.co.za and I will be happy to answer your questions. This was not an easy task and could not have been accomplished without the long hours of a few dedicated and talented committee members. Many thanks to everybody who has helped with the design, technology and testing of the website.

The purpose of the website is to give our members an easy option to select the books you would like to read. It offers an easy way to:

- Update, renew or join FOBL(Friends of Bryanston library)
- Download the new books that have been put on the shelf during the previous month
- Download a complete list of the books available on the FOBL shelf....we call this the FOBL library.
- Download books that are in the pipeline and we hope will soon be on the shelf and already bought
- An easy option to suggest books that you would like us to purchase
- An option to reserve a book you would like to read from the FOBL library. Yes you can go through the FOBL library and reserve a book you would like to read all from the comfort of your home. FOBL will pay your reservation fee and the library will phone you when the book is available for collection.
- The latest newsletter and events planned can be easily accessed
- The book lists are updated during the 1st week of every month so remember to check for the latest books in the library
- If all this sounds too much for you and you are not sure of how to access websites, don't worry you will still be able to interact with us as before. There are always committee members present at the monthly book sale who will be able to answer your questions or chat to the library staff

Finally, I do hope that you will enjoy the website and the services that it provides. Please remember to tell your friends about Friends of Bryanston Library and encourage them to join. We look forward to your comments via the contact page. Once again thank you to the web-team for developing this amazing site and to you our loyal FOBL members for your continued support

Kind Regards

Juliet Manning FOBL Chairlady
